

Dear Families,

Bumpsa Daisies Nursery Ltd have made the decision to use a web-based program called Class Dojo. It is an excellent communication tool to help keep parents and guardians updated about their child's events at nursery!

We will also use this program to share newsletters, consent forms such as face painting and photograph days.

Parents will have access to their child's room and be able to view daily photographs and videos of their child/ren.

Once you have joined our account you will be able to access anytime online or on the mobile smart phone app. Parents and guardians love having instant access to how their child is doing. Another great feature of Class Dojo is the ability for us to send messages to each other in a similar way as Facebook messenger, these messages will be sent from parents/guardians directly to your child's room account where the management team will be able to respond.

There are additional features to this program to support school age children and their behaviors, this is not an option we will be using but it will be visible to parents.

Please sign the permission slip below to consent to your child being a part of our new online program, if consent is not given your child will not be included and you will not have access to this system.

If you have any questions please do not hesitate to get in touch.

Thank you,
Maddie Hicks & Danielle Armstrong
Area Manager & HR Manager

 I give permission for my child to participate in Class Dojo.

I do not give permission for my child to participate in Class Dojo.
